I live and work in Medina County. It is a wonderful place to live, work and raise a family. Medina County is an outstanding community. I want to see Medina County survive and grow. In order to grow, we need jobs and a growing economy. We need places for parents to earn a living to support their families.

These are my reasons for supporting Vulcan Materials' effort to start a rock quarry and build a rail line here. I look forward to the day they open for business.

Please consider these items as you decide on the necessary permits for Vulcan Materials. The people of our county will appreciate it.

Sincerely,

Linda Gunn
